---

[i] Released from Diocesan Assignment (RFDA); For the purpose of this statistical report this category includes those who have been released to take an assignment in another diocese or institution; those who have taken a leave due to illness; those who have taken a leave from active ministry for personal reasons and those on Administrative Leave. Most of those who are not expected to return to the Diocese for active ministry are those who are too sick to minister or those who have left active ministry for personal reasons (They are included in this report for the sake of consistency as canonically they still belong to the Diocese). 18 priests are due to return for assignment; 63 are unlikely to return.

[ii] Parochial Vicars (PV) 74 includes PV/Senior Priest Status-opted to remain active in retirement 12.

[iii] Full-Time Chaplains: Includes those assigned as Chaplains to Colleges, High Schools, Hospitals, Cemeteries, Sea Port, Airport and the military. These do not include those who are part-time chaplains (i.e. Police Chaplains, Fire Department Chaplain, etc.). There are 4 additional chaplains who are pastors; statistically they are counted as a pastor.

[iv] Seminary Faculty: Includes those assigned to the Staff of Cathedral Prep High School, Cathedral College, and the Seminary of the Immaculate Conception in Huntington. One faculty member is also assigned to a curia position.

[v] Curia: Includes those assigned to the Chancery, Catholic Charities, Tribunal, Vicars – not Bishops, Propagation of the Faith, Communications, and Vocations. There are an additional 14 curia members who are also in parochial assignments. Statistically they are counted as parochial.

[vi] This total does not include those presently working past the age of 71. 32 men are ministering past the age of 71 = 2 Bishops; 6 Chaplains; 4 Curia; 20 Parochial.
