

VOCATION CHAIR

The Vocation Chair is a visual way of reminding us all to pray for and encourage men to be open to the possibility of serving the Lord as a priest. Here is what you need to do:

- place a stole and chasuble on empty chair next to presider's chair in sanctuary
- tell people about it a week before and on the weekend you will be introducing it
- the color of stole and chasuble used should be according to liturgical season
- have priests make note of it at different times as a reminder to people
- encourage young men to see themselves putting on vestments, occupying the chair and serving the Lord as a priest

For parish bulletin:

Please take note of our Vocation Chair located next to our presider's chair in the sanctuary. The Vocation Chair is a visual way of reminding us all to pray for and encourage men to be open to the possibility of serving the Lord as a priest. Our hope is that by seeing this Vocation Chair, young men will be inspired by the Lord to one day put on the vestments of the priest and serve the people of God as Christ.
