RELIGIOUS EDUCATION PROGRAMS

I am happy to share a testimony I received from a parish catechetical leader during this past week. Although every parish situation is different, we can all benefit from the main ideas.

Originally, I had hoped to share with all the families the files of stuff I had made copies of for this season and booklets, but I had no way of giving to the students. Many families don't have access to printers so had to find different ways of sharing and teaching without the use of printing. With the generous help of the publishers, online movies/resources and google forms was able to overcome this obstacle. Constantly updating the religious education web page, adding online Mass sites, prayers, etc. Plus, look for other creative ways in teaching to make the lessons enjoyable and sharing/inviting teachers to participate. We are all doing our best and am grateful for that.

Please take some time to share your parish, Catholic academy, and parish school highlights with me at tmusco@diobrook.org.
